

Ashil Kumar

Frontend Engineer | React.js | Angular | AI Web Applications | 4+ Years Experience
Kangra, H.P. | +91 82193 31414 | jakelong642@gmail.com | linkedin.com/in/ashilkumar

PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building scalable, high-performance web applications using React and Angular. Currently working remotely as a React Frontend Developer at GalaxiQ.ai, developing AI-powered SaaS marketing platforms, analytics dashboards, AI chatbot systems, and multi-tenant enterprise applications from scratch.

TECHNICAL SKILLS

Frontend	React 19, Angular (v2–16), TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS
State Management	Zustand, React Query, NGRX, RxJS
UI & Charts	Recharts, D3.js, Chart.js, Highcharts, PrimeNG, Angular Material
Backend Integration	REST APIs, JSON, JWT Auth, Google OAuth, Multi-tenant Architecture
Dev Tools	Git, Docker, Jenkins, CI/CD, AWS, Unit Testing (Jasmine, Karma)

PROFESSIONAL EXPERIENCE

React Frontend Developer | GalaxiQ.ai | Remote | Jan 2026 – Present

- Developing AI-powered marketing SaaS applications using React 19 and TypeScript.
- Built scalable frontend architecture and reusable component systems for GalaxiQ's AI Marketing Operating System.
- Worked on AI-driven products including chatbot builders, analytics dashboards, campaign workflows, and intelligent publishing systems.
- Implemented Zustand and React Query for efficient state management and server-state caching.
- Developed multi-tenant product access systems with dynamic role-based navigation and permissions.
- Built interactive dashboards with real-time analytics, visualizations, and usage tracking.
- Optimized application performance using lazy loading, memoization, and render optimization techniques.
- Collaborated with distributed remote teams to deliver enterprise-grade AI marketing solutions.

Software Developer | Ditstek Innovations Pvt. Ltd. | 2021 – Aug 2025

- Built and maintained enterprise Angular applications (v9–v16).
- Improved page load time by 40% using lazy loading and optimized bundling.
- Developed reusable Angular component libraries published on NPM.
- Integrated NGRX for predictable state management.
- Migrated legacy MS Access systems to modern secure web applications.
- Maintained 90%+ unit test coverage using Jasmine and Karma.

KEY PROJECTS

- **AI SaaS Marketing Platform (GalaxiQ.ai)** – Built AI chatbot builder, analytics dashboards, campaign publishing workflow, and knowledge base integrations.
- **SaaS Alarm & Monitoring System** – Developed dynamic dashboards with widgets, maps, and filters using Angular & Node.js.
- **Revenue Lifecycle Management System** – Migrated MS Access workflow to scalable Angular web application with Google Login integration.
- **IoT Fleet Management System** – Built real-time tracking dashboards and asset visibility systems.
- **Commercial Ad Management Platform** – Developed campaign management workflows for YouTube & TikTok advertisements.

EDUCATION

MCA – Govt. College Dharamshala, Himachal Pradesh

Bachelor's in Computer Science – Govt. College Dharamshala
